

Fee Structure

Our fees for 2027 are below. Fees are paid monthly over 12 months. School fees for upper years include exam fees which are a considerable external cost. We have decided to include them in the fees (which most schools do not) so that they do not come as a surprise to parents.

Sibling discounts are also available. For more information, please read our full Fee Policy available on the school website.

School fees will rise each year in line with inflation.

Category	2027 Monthly fee/ N\$
G 0-2 fees (Key stage 1)	3,020
